

Patient information  
**Veteran Aware hospital**

Here at Weston Area Health NHS Trust we are proud to say we are a Veteran Aware hospital.

**Please let a member of staff know if you, or your spouse/partner, have ever served in the UK armed forces so that we can best support your care needs.**

Being flagged as a veteran in your NHS medical notes will help ensure you are able to access specific veterans' health services, such as those for mental health, hearing loss, limb amputation and wheelchairs.

All veterans are entitled to priority access to NHS care (including hospital, primary or community care) for conditions associated with their time in the armed forces (service-related). But this is always subject to clinical need and doesn't entitle you to jump the queue ahead of someone with a higher clinical need.

### **Improving care for veterans across the NHS**

We at Weston General Health Trust are a member of the Veterans Covenant Hospital Alliance, sharing and driving best practice in NHS care for people who serve or have served in the UK armed forces and their families, in line with the Armed Forces Covenant.

### **What you can expect in this hospital**

- We support the health commitments of the Armed Forces Covenant.
- We are committed to ensuring no disadvantage and giving special consideration where appropriate.
- We have educated and trained all relevant staff to identify and respond to veterans' needs.
- We also support the UK armed forces community as an employer.

We work with a range of extra services for the armed forces community and will let you know of and refer you to any that could benefit you, including:

- Royal British Legion, SSAFA, Combat Stress, Help for Heroes
- Defence Medical Welfare Service officers who will assist the patient in identifying services provided by service charities and other organisations
- Avon and Wiltshire Mental Health Partnership is our local NHS Transition, Intervention and Liaison mental health service
- NHS TILS is for armed forces personnel approaching discharge and veterans. The service provides a range of treatment, from access to early support to therapeutic treatment for complex mental health difficulties and psychological trauma. It also provides help, where appropriate, with other problems, for example money, employment or housing. To Contact AWP for further information on NHS TILS please phone: 0300 365 0300 or [awp.swveterans@nhs.net](mailto:awp.swveterans@nhs.net).

### **What other support is available?**

There are many service charities and organisations. The Veterans' Gateway is a first point of contact for veterans and their families. It provides information, advice and support by phone (0808 802 1212), text (81212) and online at [www.veteransgateway.org.uk](http://www.veteransgateway.org.uk).

Here at Weston Area Health NHS Trust we will put you in touch with the organisations best placed to help with the information, advice and support – from healthcare and housing to employability, finances and personal relationships.

### **How could you get involved in the NHS?**

The NHS can benefit significantly from the skills and experience you bring from your military training and service. Veteran Aware hospitals support the employment of veterans and reservists in the NHS workforce and will be involved either

in the 'Employer Recognition Scheme' or the 'Step Into Health' scheme.

Find out more about careers for veterans and reservists in the NHS at [www.militarystepintohealth.nhs.uk](http://www.militarystepintohealth.nhs.uk)

### **Armed Forces Covenant**

The NHS is committed to the Armed Forces Covenant, which is a promise by the nation that those who serve or who have served in the UK armed forces, and their families, will be treated fairly. It has two key principles:

- The armed forces community should not face disadvantage compared to other citizens in the provision of public and commercial services.
- Special consideration is appropriate in some cases, especially for those who have given most such as the injured and the bereaved.

You and your families should not be at a disadvantage in accessing appropriate health services; for example, if you are on a waiting list and are moving.

The NHS always prioritises people with the most urgent clinical need. At the same time, we must recognise your health and social needs and act on them. We are working to make sure this happens.

To learn more about the Veterans Covenant Hospital Alliance and what it means for NHS hospitals to be Veteran Aware, please visit: <https://improvement.nhs.uk/resources/veteran-aware-hospitals/>.

For more information on NHS healthcare for veterans, visit the NHS Choices website at [www.nhs.uk](http://www.nhs.uk) and search for 'veteran'.
